

Mounting the ***PATRIOT SEED SAVER***

Step 1.

Remove the Patriot Seed Saver from the packaging. It will come pre-connected. Refer to the Wire Key below for guidance:

Red & Black Connection = **Control to Power**
Blue & Black Connection = **Control to Vibrator**
Yellow Wires = **Control to Switch**

Step 2.

Mount the Patriot Seed Saver between the auger latch and the mount for the push/pull handle.

Step 3.

Drill a hole in the leg for the switch, then mount and secure it in place above the On/Off switch.

Step 4.

Mount the adjustable timer switch on the **same leg** from Step 3, positioning it on the side wherever is most convenient.
